

Introduction

The purpose of this report is to provide ready access to utility information for the state of **Alaska**. The source of the data is the U.S. Department of Energy, Energy Information Administration's (EIA) February 2015 "2013 Electric Sales and Revenue Report":

http://www.eia.doe.gov/cneaf/electricity/esr/esr_sum.html

Reporting changes have occurred, implementing rules for the use of Forms EIA-816 and/or EIA-816S:

This form [EIA-816S] is to be completed by all electric utilities with annual retail sales in the prior year of 100,000 megawatt-hours or less, with the following exceptions:

- 1. A respondent has retail sales of unbundled service;*
- 2. A full set of data is required from the respondent to ensure that statistical estimates for a state, sector, and balancing authority are of acceptable quality;*
- 3. A respondent reports in aggregate under the Tennessee Valley Authority (TVA) or WPPI Energy; or*
- 4. Data was reported on the Form EIA-826.*

Utilities for which any of the exceptions apply must complete the long version of Form EIA-861 survey. Note that respondents can only complete one type of Annual Electric Power Industry Report, either the Form EIA-861 or the Form EIA-861S, but not both. Also note that responses are collected

at the business (operating) level (not at the holding company level).

Once every five years and in lieu of the short form, all entities that normally complete the Form EIA-861S will be required to complete the Form EIA-861. This is necessary to acquire the data needed to maintain the accuracy of the statistical imputation procedure used to estimate data not collected on the Form EIA-861S. As currently scheduled, this requirement will not come into play for the first time until 2017¹.

There are five reports covering the states of Alaska, Idaho, Montana, Oregon and Washington which can be found at the Northwest CHP Technical Assistance Partnership website: <http://northwestchptap.org/PolicyIncentives.aspx>

The utility-level data includes the total number of customers, annual sales in dollars and in megawatt-hours (MWh), and average retail rates industrial customers and commercial customers as submitted to the EIA. Utility companies not required to report in the current cycle are included but data remains blank.

¹ Form EIA-861S Annual Electric Power Industry Report (Short Form) Instructions

This data can be used for many purposes. The Northwest CHP Technical Assistance Partnership provides this data as a useful benchmark for developing economic potential estimates for combined heat and power, as a basis for policy initiatives, and to identify potential target areas for combined heat and power development.

Entity Type*	Number of retail providers (Baseline 2011) - 71	Reported 2013- 23
Cooperative	19	10
Municipal	21	9
Investor Owned	19	4
Federal	0	0
Political Subdivision	12	0

Highest and Lowest Average Retail Utility Rates in Alaska (cents/kWh):				
	2011 Lowest rate	2011 Highest rate	2013 Lowest rate	2013 Highest rate
Industrial	8.03	66.86	7.88	38.99
Commercial	9.31	95.57	9.72	54.60

*"Entity Type" definition was adjusted after the 2011 reporting cycle, breaking previous "Public" entity into the current "Municipal" and "Political Subdivision" categories. Information in the chart above has been retroactively adjusted to reflect current entity structure for the purpose of continuity.

Alaska Class of Ownership, Number of Consumers, Sales, Revenue, and
Average Retail Price by State and Utility: Industrial Sector, 2013

Entity	Class of Ownership	Number of Consumers	Sales (megawatthours)	Revenue (thousand dollars)	Average Retail Price (cents/kWh)
Akiachak Native Community Electric Co	Cooperative				
Alaska Electric Light&Power Co	Investor Owned	96	106,484	10,361	9.73
Atmautluak Tribal Utilities	Political Subdivision				
Chugach Electric Assn Inc	Cooperative	7	54,395	5,941	10.92
City of Petersburg	Municipal	38	21,896	2,366.9	10.81
City of Saint Paul	Municipal				
City of Seward - (AK)	Municipal	125	33,947	5,912.0	17.42
City of Unalaska	Municipal	17	29,230	11,397.0	38.99
City of Wrangell	Municipal				
Cordova Electric Coop, Inc	Cooperative	5	9,316	2,137	22.94
Egegik Light & Power Co	Investor Owned				
G & K, Inc	Investor Owned				
Golden Valley Elec Assn Inc	Cooperative	511	833,237	142,973	17.16
Homer Electric Assn Inc	Cooperative	23	120,722	9,512	7.88
Inside Passage Elec Coop, Inc	Cooperative				
Ketchikan Public Utilities	Municipal	13	25,306	2,115	8.36
Kodiak Electric Assn Inc	Cooperative	103	87,337	14,219	16.28
Kwig Power Company	Political Subdivision				
Metlakatla Power & Light	Political Subdivision				
Nelson Lagoon Elec Coop Inc	Cooperative				
Nushagak Electric Coop, Inc	Cooperative				
Pelican Utility	Investor Owned				
Sitka City & Borough of	Municipal
